There's something magical about coming together to celebrate all things craft – the energy, the ideas, the shared passion. Whether you're an experienced maker or just starting out, the fair is a place to be inspired, try something new, and connect with others who love to create.

This year's fair is packed with highlights! Don't miss the free Seminars, Make & Takes, and Live Demos – our exhibitors are here to teach, inspire, and connect with you.

We're excited to welcome two incredible guest artists:

Louise Saxton

Loving Vintage!

Artist Louise Saxton has a passion for vintage household needlework. She uses it to create new artworks, cut and collaged, recreating ancient stitcheries into new contemporary art pieces.

She has been referred to as the embroidery vandal, but in fact she is honouring these humble, decorative pieces of household linen which are no longer in vogue, reclaiming them and giving them a new life. Louise has participated in Artist in Residence programs in Australia, Malaysia, France, Mexico and Spain.

Louise will also display her self-published monograph *LOUISE SAXTON cut & pinned*, which will be available to purchase through Can Do Books, Stand A02.

We're thrilled to have her with us at the Craft & Quilt Fair to share her processes and show samples of her work. Louise will also teach two workshops with limited numbers on Thursday and Saturday so book now as places will fill.

Kit includes:

- One embroidery hoop (25cm) • Pieces of tulle cut to size
- One box of lace-pins • One pair of sharp scissors • A paper carry bag to take home your memento and kit materials.

Participants to bring:

- Additional doilies, tablecloths, tray cloths or other pieces they are prepared to cut up.

Hunters Hill Quilters

This year we also welcome a local guest guild – The Hunters Hill Quilters are a group of enthusiastic needleworkers who come from many different walks of life. Beginning as a small gathering of friends in 1982, they now have 70 members.

The common thread that binds is the love of making quilts. Patchwork and quilting has a long history with many styles and techniques; Hunters Hill Quilters cover the full gamut, from the traditional styles to the more modern methods.
